

FOWEY HARBOUR COMMISSIONERS

HARBOUR MASTERS NOTICE

HM 2022/03

Updated HM Revenue & Customs reporting requirements for pleasure craft

Harbour users are advised that from 1st January 2022, all pleasure craft arriving in Fowey from locations outside the UK are required to report to the HM Revenue & Customs in accordance with the requirements outlined below:

Anyone who owns, or is responsible for, a pleasure craft (such as a yacht) that sails to or from locations outside the UK and the Isle of Man is required to provide information for customs purposes about:

- *the vessel*
- *the voyage*
- *individuals on board*
- *goods documentation*

Reporting requirements

As the UK is no longer part of the EU single market, pleasure craft owners now need to report in line with the 'Rest of World' requirements.

From 1 January 2022, all pleasure craft arriving in and departing from the UK and the Isle of Man (including those arriving in and departing from EU countries) must report in accordance with the requirements published in

[Notice 8: sailing your pleasure craft to and from the UK.](#)

The current C1331 (PDF version) format has been updated. The new e-C1331 is an excel template that will allow data to be submitted via email to the [National Yachtline](#) and the relevant regional Border Force command.

[Excel e-C1331 Template](#)

Users of the e-C1331 version can use the links and the guidance within the template to complete and submit the form without posting it.

The previous PDF version can be downloaded and posted if required. The preference is for the new e-C1331 template to be used for reporting pleasure craft details to HMRC and Border Force.

CCTV, VHF and Radar surveillance is in operation in Fowey Harbour.

Recorded footage and audio may be used in evidence to prosecute byelaw offenders.

If you prefer to post the pdf version of the form, the address is: Yacht Reports, Freight Clearance Centre, Lord Warden Square, Western Docks, Dover, Kent, CT17 9DN. [e-C1331 PDF](#)

If you are arriving from outside the UK (and this includes the Channel Islands) you must fly the 'Q' flag as soon as you enter UK waters (the 12 mile limit).

Do not take down the flag until you have finished reporting to the customs authorities. If you do not comply you will be liable to a penalty.

If you are arriving from an EU member state into Northern Ireland, there is no need to fly the 'Q' flag.
