

FOWEY HARBOUR COMMISSIONERS

HARBOUR MASTER'S NOTICE

2026/10

Lifeboat Call Outs During Peak Periods

In the event that the lifeboat is launched on a service where speed is imperative, the following actions will occur:

- A broadcast is made on VHF Ch.12 informing of the imminent passage of the lifeboat through the lower harbour and advising to **keep clear** and avoid impeding its passage.
- The patrol boat on duty will advise rafted boats, especially to the south of the swing buoy, that the lifeboat is proceeding to sea and **there may be some wash** as it transitions to planing speed.

At busy times or during events, the lifeboat will be preceded by the fast response patrol boat, under blue light conditions, alerting harbour users to the lifeboat launch.
