Pilot Gig Coxswain Guidance

Further to the investigation into a recent gig rowing incident, a guidance document has been produced for coxswains highlighting important factors to be considered to ensure safe navigation in the Harbour.

The information contained in the document is directly relevant to all other harbour users and we request a wide readership.
The guidance is available on our website www.foweyharbour.co.uk/publications

This information is supplementary to requirements for navigation lights which are outlined in HM 2024/06.
